RECOMMENDATION**

No. **36**

The Squadron Commander shall appoint a Calling Committee chairman who will have the rank of Lieutenant. The chairman shall have two assistants: one from the Educational Department and one from the Administrative Department. These persons in turn shall form a committee of two or three persons whose responsibility will be:

1. The administrative group will contact squadron members prior to regular meetings to encourage their attendance and tell them what the meeting will consist of.
2. The educational group will call and encourage each member to take additional courses.

Hopefully, as with most successful organizations in the country, the personal touch will result in positive response.
